

John Henry Bell Dies From Injuries Received In Crash

Local Business Man Dies From Injuries Received In Truck Crash Early Last Thursday Morning. Funeral Services Tuesday Afternoon

While Johnnie Bell, Carmel young business man and a partner of Earl Graft in the Carmel Dairy was driving a truck home from Salinas last Thursday morning at 3 o'clock, he struck Toro bridge, about twelve miles east of Monterey, completely wrecking the truck and receiving injuries which resulted in his death at 1 o'clock Friday morning.

Johnnie was taken to the hospital where an effort was made to determine the extent of his injuries. He began to sink Thursday evening and it was decided to operate. The surgeons found that his colon had been cut in two, and that peritonitis had set in. Nothing could be done to save him.

The accident is supposed to have been caused by poor visibility or by the young man falling asleep. The truck hit one side of the bridge in the exact center of the truck with such force that the axle was bent into a deep curve, the motor was torn loose from the chassis and nothing about the truck could be salvaged excepting the tire. The truck was just one month old.

Johnnie, a son of Mr. and Mrs. J. M. Bell of New Monterey, was a very popular young man among the Carmel and Monterey people. He received his schooling in both towns and had spent his entire life in this vicinity.

Five years ago he was married to Miss Frances Benson, daughter of Mr. and Mrs. L. L. Benson and to this union was born a son, Johnnie.

Four years ago, he bought the Carmel branch of the Bureau Dairy and went into partnership with Earl Graft, who had just purchased the Carmel Dairy.

The deceased was born in Monterey Nov. 2, 1908.

Funeral services were conducted from Dorney's at 2 o'clock Tuesday afternoon and interment made in Monterey cemetery. The Rev. Mr. Morgan of the Monterey Baptist church officiated.

Pall bearers were Neil Twilgar, Hutton Martin, Charles Littlefield, Earl Graft, Fred Ammerman and Gene Kinchloe.

Besides a host of friends, his passing will be mourned by his widow and little son of Carmel; his parents, four sisters, Mrs. Emily Withers, Doris, Frances and Rose and two brothers, James and Benjamin, all at the parental home in New Monterey.

GIVE YOUR DOLLAR TO THE ORCHESTRA

Our orchestra is the biggest community asset we have. But it needs support to keep Michel Penha here to conduct it. Give your dollar to it. Take out a dollar membership, payable now or by the month. Someway, make yourself a part of this music-making body. Help it grow and flourish. Take out your membership at the Denny-Watrous Gallery and thus give your help to the Carmel Music Society for the support of the orchestra.

Legion Dances Will Be Given Every Week

The American Legion announces that they will give dances at their beautiful hall at the top of Jefferson in Monterey once each week with a view to financing the drum corps and other Legion activities.

The boys are justly proud of these affairs as they are run on the strictest lines, no rowdiness of any kind being tolerated, and yet there is an atmosphere about them which allows perfect enjoyment.

And what a floor! Simply enormous. You can hardly get around in one dance, and the floor is of the finest hard maple, perfectly smooth.

Buddy Guy's orchestra will furnish the music and the whole peninsula will furnish the dancers. You will be there, no doubt, on Saturday night, September 16th, the opening of the series.

Remember, a week from this coming Saturday night. Get associated with your crowd and prepare for a good time.

The Printers' Association and NRA

Carmel Sun along with nearly all the other printers on the Peninsula is an active member of the Monterey Peninsula Printers' Association. At a meeting including printers from the entire county at Hotel San Carlos Monday night, plans were made for the formation of a county organization which is in turn to become a part of state and national organizations to operate under a proposed NRA code.

The primary object of the organization is the elimination of unfair trade practices and its purpose is decidedly not to raise prices but to STANDARDIZE them. A price list has been agreed upon that has been agreed is fair to all printers operating under the proposed NRA code under the new conditions. The prices agreed upon are the minimum prices any printer may charge and the prices are based on the fact that printers belonging to the association must operate only five days per week and pay the same wages for five days as they paid for six.

In many cases there is no increase in prices, and in many notable instances, the new prices are actually cheaper than the old prices. Even where there is an increase it is relatively slight and does no more than take care of increased costs for labor and materials.

It is only by one hundred per cent co-operation that the great NRA movement can be made a success and the printers of the County, State and Nation are doing their part.

Pine Cone Will Do Their Own Printing

In a few weeks there will be terminated one of the most unique situations the editor of the Sun has ever dealt with

CARMEL SUN WILL HAVE SPECIAL EDITION

Carmel Sun folks are working on a special edition of the paper to be issued about November 1st. In it an attempt will be made to show Carmel as it is today—its opportunities, its desirability, its fitness as homes for authors, artists, musicians, and all who are looking for a place where they may be surrounded by beauty combined with other desirable features.

We will have some delightful surprises for you in the way of stories of today from people who are making Carmel history now.

But we don't want to tell you everything yet.

Radiana Pazmore Makes Second Hit

Marjorie Haller Is K.G.O. Radio Hostess

Marjorie Haller has recently changed from her position in research for the Langendorf program, to hostess for K.G.O. studio at 111 Sutter street in San Francisco. Mrs. Haller has many Carmel friends after two years residence here. She was a recent guest of the Sun.

Visiting Minister At Carmel Church

Dr. Paul Arnold Peterson, prominent San Francisco Presbyterian minister who is having an extended vacation here will occupy the Community Church pulpit until another minister is found for the place. Dr. Peterson came here several months ago to recover from an illness and has been spending much time writing.

in his twenty-seven years in journalism, to-wit a newspaper printing its competitor's paper.

As has been generally made known the Pine Cone owners are installing their own printing plant, and will, with the expiration of their contract with the Sun print their own paper. The decision of the Pine Cone to print their own paper is not due to any disagreements between the editors of the Pine Cone and The Sun as our relations have been, are, and we earnestly hope will continue to be, entirely pleasant. Perry Newberry is a grand old man and the junior member of the firm, Randal Cockburn, is an amiable and practical young man about whom we have no complaint.

Notwithstanding our entirely pleasant relations, it is not, after all is said and done, a practical proposition for one newspaper to print another newspaper. It presents huge mechanical problems that are in themselves expensive and not very satisfactory. The Sun and Pine Cone issue about the same time which means a great rush of work the middle of the week. It has meant a great many times our neglecting The Sun and frequently it has been impossible to give the Pine Cone's job as much time as it deserves. However, let it be said again that in spite of these things there has been no quarreling or bickering with the Pine Cone people, and we have had their helpful cooperation at all times. As every businessman knows though, the last few weeks have seen radical changes taking place in the economic and business life of the country, and the editors of The Sun and The Pine Cone feel that each will be just as well off handling their own particular mechanical problems.

A Free Membership To Assist Orchestra

If you have not yet paid your subscription, or your subscription has expired or is about to expire bring or send us \$2.00 and we will give you a free dollar membership and one year's subscription to Carmel Sun, a clean newspaper for clean people.

One thousand dollar-memberships are needed to keep Penha in Carmel. Will you be one of the thousand?

SPEAKING OF TAXES

THINK THIS OVER

The Sun editor saw this week one bill for 30 sacks of flour. The federal wheat processing tax on this amount was \$18.70. The federal cotton processing tax on the sacks was 36 cents, bringing the grand total of taxation on this shipment to \$19.06.

Think this over when you hand over "a penny for Jimmy."

And also speaking of taxes, purchasing in amounts under 14 cents several times a day, may free you from the tax, but it means your merchant must dig up this penny for you at the end of the month.

TALK ON WHISTLER

AT ST. ANNE GUILD

Miss Celia Seymour will give an interesting talk on Whistler at her home on Monday afternoon at 2:30 o'clock. Miss Seymour knew this great man personally and has many intimate stories to tell of his life. She met him in Holland some years ago.

Miss Seymour has given this talk before various clubs in the State. By her rare and ready wit she has endeared herself to her audiences. St. Anne's Guild is very proud to act as sponsor as well as beneficiary for this talk. Miss Seymour is well known as a portrait painter and it is she who painted and presented to All Saint's church the beautiful picture above the altar as a memorial of her mother.

Tea will be served by the members of the Guild and a small admission charge will be made.

Community Players Last Production Is Well Done

"Little Women" Plays to Capacity Houses and Proves To be One of The Season's Outstanding Successes at Community Playhouse

All students from fourth to eighth grade inclusive will vote. This is the sixth year that Sunset has had a student body organization.

The new Stanford achievement tests were given to the grades last week.

A number of late enrollments were made this week. Mr. Barderson estimates the number to be ten which brings the total enrollment to about 135.

Sunset school plans to support the N.R.A. by being prepared to furnish, if called upon, three-minute speakers. The students will be trained for the purpose.

Countryman's Nose Cost Filipino \$25.

Albert Gelaspe paid a \$25 fine after a trial for assault before Judge Wood last Saturday morning. Philip de Jesus, the offended sustained a broken nose from a fight in the Pine Inn employees' quarters August 24.

Gelaspe was arrested by Chief of Police Englund August 30 where he was hiding at the Filipino Club. He was released on \$50 cash bail.

Following the trial Saturday Gelaspe left for San Francisco.

Mr. and Mrs. Clarence O'Neill of San Mateo visited over Sunday at the A. E. Sparks home in Carmel. Mr. O'Neill is the "big butter and milk man" of that district, owning four large creameries.

"Little Women" had a distinctly different success. Aside from the frequent and hearty applause many people were seen to apply handkerchiefs to their eyes. The best tear raising scene was when Jo (Dorothy Foulger) sold her treasures for the cause of her sick father.

Played to a capacity house opening night the dramatization of Louisa Alcott's novel of the period 1863-1868 in the family of a minister and his wife and four daughters, was successfully authentic as to characters, costumes and setting.

Contrary to the usual way of burlesquing "Revivals", the local cast under Byron Foulger's direction played it with sincerity. Byron Foulger has a way of making scenes look real. He has a talent for making people act naturally.

"Little Women" was nearly as well cast as Foulger's last play success "Paris Bound" and that play set the high standard in acting this year.

Dorothy Foulger as the tomboy, intellectual and main stay of the family made a vibrantly alive person of Jo. Mrs. Foulger is a versatile young actress with the finish of a seasoned professional.

Peggy Converse did some nice baby talk and funny mispronouncing of words to the great amusement of all. Mrs. Converse is very popular. After her delicious Amy she will have an even bigger following.

Connie Shuman as Beth who was frail and lovely, faded like a flower and died, was tear renderingly convincing.

Dorothy Ledyard was classic as the mother. She played a good hearty unsentimental mother.

In an average amateur cast Mary Wright as Meg would have shone because of her prettiness and charm. Lloyd West as John Brooke, her husband, kept a nice dignity throughout the play and looked handsome and authentic in his brown checked suit and briar pipe in the garden scene.

George McMenamin, is a natural comedian known from Monterey high school days. The part of Laurie played by him might have been clowning. It was funny, but not too funny, played with a nice reserve. The curled hair was only one of the details which made the play authentic to the period.

The minister father Mr. March by Byron Foulger was acted with fine simplicity. The smoothest dialogue was between him and his wife, Dorothy Foulger, as Jo.

The effusive millionaire grandfather matchmaker, Mr. Laurence, was well interpreted by Jack Gribner.

Paula Dougherty caused a sensation as Aunt March, grand, quarrelsome but kind wealthy relative. A sable trimmed coat of the period with bell sleeves and split skirt delighted the audience.

Arthur Hatley's interpretation of Professor Bhaer, the German scholar who wins the hand of Jo, has caused much discussion. He used a delicious German accent and was typically absent minded. Arthur Hatley is probably the best "find" of the year. His first stage appearance was in "Paris Bound."

CARMEL PISTOL CLUB

By Bill Williams
We are still talking about the good time we had at the Pistol Club's Barbecue and we are certainly proud of having succeeded in showing our visitors a day of entertainment different than the usual routine.

At our last meeting we admitted to our membership four men and one woman. N. J. Gallant, Joe Perry, Ed Knowles and J. A. Burge are the men and Mrs. Crichton who was accepted as an associate member.

Mrs. Powell Crichton is planning to organize a pistol club in her home town, Bermuda and for the past weeks has been gathering information from the Carmel Pistol club to be used in her organization.

The Match Committee is planning a program whereby all members of the club whether good or bad shots will be classed in certain groups and will compete for prizes in their respective group. This will enable all members to win a prize at some time, whereas before only the best shots or the ones with the big handicaps were the winners.

In conclusion I will tell you a secret about several members of the Pistol club. About four a.m. last Friday morning the nearby neighbors of the Monterey County Bank on Dolores street were thrown from their beds. Not from an earthquake but something worse. The vault alarm decided to go haywire and these certain expert shots decided to take advantage of the moving targets they hoped to encounter. They were quite disappointed but are still in hopes of meeting some bad men someday. Too bad boys.

Harvey S. Firestone, Jr. Presents Prize to "A Century of Progress" Visitor

As Miss Alice Ochsenlager of Aurora, Illinois entered the Firestone Factory and Exhibition Building at the World's Fair to see tires made, she was suddenly halted and pronounced the three-millionth visitor to the building. The crowds passed as she was presented with a set of five tires, just out of the molds. Mr. Harvey S. Firestone, Jr., who was attending the Fair during Farmers' Week, made the presentation.

MISS FLORENCE TERRY HAS INTERESTING ART

Carmel has a very versatile artist in Miss Florence Terry, who is at present located on Ocean Avenue next door to the library with an exhibition of artificial flowers of wax that are a delight to the eye. Miss Terry makes these flowers so perfect that one marvels at the skill and patience that it must require. Calla lilies, not more than one-sixteenth inch, with corresponding leaves and stem, in a tiny pot, up to pansies, petunias and daisies in natural size are among the exhibit. The flowers are usually used for table decorations, though they fit in beautifully in most any spot where a little color is desired.

No less attractive are Miss Terry's pen and ink drawings, her water colors, her tapestries and tempora work on black. One can almost pluck the eucalyptus buds. Another art she has produced a beautiful picture by the use of colored pencils on brown paper. The Sun editor had a very interesting call on Miss Terry, and we are sure you will feel repaid for stopping in to see her lovely exhibition.

MAE WEST RETURNS TO CARMEL FOR ONE NIGHT

How many times have you been asked, "Have you seen Mae West in 'She Done Him Wrong'?" No picture has aroused so much pleasurable entertainment as this classic of the "Gay Nineties." Not to see the picture is to miss a real opportunity, not only to witness an authentic presentation of the life and color of those gay times, but to miss seeing one of the cleverest characterizations by Mae West that has been offered for many a day. Every role is a distinct characterization and naturally played.

The picture will be shown at the Carmel Theatre this Friday evening, September 15th, only, so don't miss this last opportunity to see it.
